

baby check

Quick Start Manual & Warranty

For complete manual and
product registration visit:

babycheckmonitor.com

Intentions of use:

Baby Check is a wearable thermometer and motion detector sensor. Its intentions for use are to be worn on the upper part of the child's inner arm (*near armpit*) and monitor the general temperature and movement. This is not intended to replace your general temperature readings. Full functions and usability can be found in the features section of this manual.

***BABY CHECK IS NOT TO BE USED ORALLY OR RECTALLY IN ANY MANNER.**

1

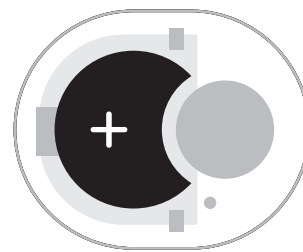

How to use:

1. Download the Baby Check App from either iTunes (*Apple / iOS*) or Google Play store (*Android*).

2. Remove Baby Check from the packaging.

3. Install battery:

- Remove rubber cap cover
- Remove the battery cover using a small flat blade screw driver.
- Open casing and install battery
- Replace casing and rubber cap

2

4. Give Baby Check a quick shake to wake it up - a flashing light will indicate its active.

5. Open app in phone and ensure that Bluetooth has been turned on. Baby Check app will walk you through setup.

6. Place the rubber face and silver sensor against inside of child's arm. Ensure the sensor is in contact with the skin and use band to secure it in place.

**Review placement diagram to ensure it has been properly secured.*

3

7. With app open, check that device is connected.

Notes:

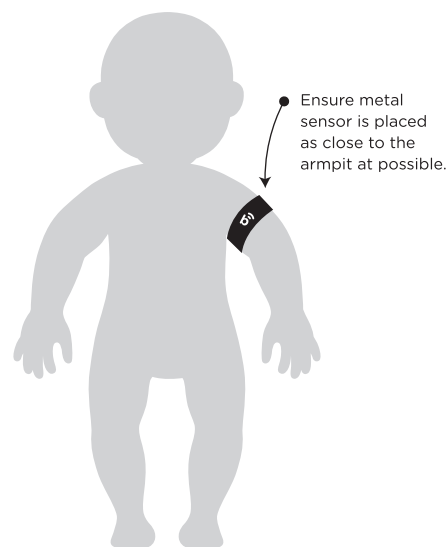

* Baby Check will be monitoring until the device is disconnected from app.

* Baby Check will take a few minutes to reach body temperature.

* Multiple children can be added within app and used to monitor multiple devices.
